

Company trips

Strengthen your team and take them on a trip to Tamsøya in 2022! We arrange unique company trips, where hotel corridors and conference rooms are replaced with charming rooms and a unique dining area right by the sea. Combine teambuilding with a travel back in time, and relax while taking in the nature surrounding you. Feel the adrenaline pump on our RIB rafting trip to and from the island.

About the trip

We can custom create a program perfect for your business. This can include several different activities and nature experiences; it all depends on what your wishes are.

The trip with us to Tamsøya begins at 18:00 (6pm) on the old ferry pier in Repvåg. You can park your cars for free along the fence of the large blue house with a red barn. From there, you'll be passengers on our 600 horse powered, 35 feet RIB boat, and the ride to and from the island will last for about 20 minutes each. The boat has a passenger capacity of 12, and everyone will be equipped with regatta (floatation) suits and life vests.

Below are some of our offers and suggestions for activities. If you have any requests for additional activities, we're all ears and prepared to try our best in accommodating them

Activities

Cooking together: as a teambuilding exercise, cooking together is becoming more and more popular. Our old berry shed is a great arena for such an activity. The building is right by the shoreline, so the view is also lovely.

Competitions: we can facilitate a number of different Farmen-esque competitions – water carrying, wood sawing, wood chopping, cairn building, rowing, etc. In the spirit of “travelling back in time”, this is very fitting and we'll also reward the winners with suitable prizes.

Excursions: we arrange excursions to the northern and western side of the island. Why not have a barbecue on the pebble beach in Hellemolla and experience the midnight sun or sunset at the same time?

RIB rafting ride to Castle Bay: if you're searching for something more action-filled, we also host RIB rafting trips to Castle Bay on the western side of the Porsanger fjord. Read more about this under our “packages” on our webpage.

Storytelling on the topic of the history of Tamsøya: the hosts talk about how it used to be on the island back in the day.

Relaxation: if you want your employees to just completely relax and surround yourselves with silence, Tamsøya is the perfect location. Experience the simple life on the southern end of the island, take a walk along the beach, listen to the birds and share a good meal together outside if the weather is good or inside in the old berry shed.

Projector and slideshows: even though we do not have electricity on the island, we can make this possible with our generator. However, if you want to do it the old-fashioned way, we can also provide you with a flipover board.

Contact us for further info and pricing, or if you have questions about our concept.
